

# E-Safety Newsletter

“Together we can make a better internet.”

## We place E-Safety as a high priority.

As always, at High Down Juniors, we place the E-Safety education of our pupils as a great priority. It is addressed and informed in all areas of learning, particularly those using technology in school (ICT, Science, PSHE) and for use outside of school.

Welcome to this year's final High Down Junior School E-Safety newsletter. We hope you have found these newsletters useful, and that we have provided you with lots of information as to what's been going on in school.

## Well done Juniors!

And so we reach the end of the school year. All of the pupils have been fantastic e-safety ambassadors for the school and we would like to take this opportunity to wish everyone a fantastic (and e-safe!) summer holidays. All of the information provided through the year will go on to ensure that the children enjoy using their technology in a safe and respectable way. Here's to next year!

Your settings are important to us!

Privacy Settings on Social Media

SWGfl (South West Grid for Learning) - the schools' broadband provider - have produced a useful set of leaflets to help users check their privacy settings. These are available to purchase or download from

<http://swgfl.org.uk/products-services/> :

search for “privacy settings.”

If you have read this far, would you be interested in joining the E-Safety Consultative group of parents and staff across both Infant and Junior Schools? We meet three times a year, for about one and a half hours, usually on a Monday or Tuesday afternoon.

If you would like more information please contact

Mrs Atherton (Infant parents/ carers) or Mr Fullan (Junior parents/ carers).

### DIGITAL LEADERS

This year's digital leaders will be continuing their work until the end of December as we look to modify how they are currently used in school. They are a fantastic resource to our school and are superstars!

### SOCIAL MEDIA

As always, we would like to make aware the rules and guidelines provided by companies with regards to social media age restrictions.

Please visit the link below to see the age guidelines for all popular apps.

## Digital Parenting

This seems a good time to re-direct you to our school subscribed Digital Parent Magazine. It is hosted by Vodafone and is jam packed with tonnes of useful information on a wide range of topics that will all be affecting your child/young person on a daily basis, both at school and at home.
