

Parent Questionnaire 2017 Comments

Kind, friendly staff which are motivated to help Alice achieve and do her best. Fun educational well planned learning activities and experiences that keep my daughter interested in learning. Alice says 'My teachers are good'.

I think the school has a great sense of community. I like the fact that the children are encouraged to play with children of different ages (when Y6 spend time in playground). The communication between school and parents is great.

The caring emphasis placed on the children and their learning. Children are valued and educated in a safe environment by incredibly skilled staff.

Valuing my children as individuals, recognising their strengths. Caring teachers. Seems very inclusive.

The school provides a caring and inclusive environment that fosters a love of learning and fun.

Open communication links between staff and parents.

Range of learning opportunities for children.

Enriched curriculum which my children have thoroughly enjoyed. E.g India day, Fairy Tale Ball.

E-safety – my children are fully aware of being safe online.

A warm, friendly and happy school environment. An excellent transition from the pre-school to Reception.

Varied opportunities for learning and performing/singing/sports/trips. High standard of teaching and great values/ethos.

Breakfast Club and After School club – excellent, so helpful and flexible.

My children are very happy at this school.

I think the school has excellent leadership. Both the children and teachers are happy. I think it has good strong values. My children couldn't be happier. They love school.

Current strengths of the school are the level of empathy and compassion from the teachers we have.

Transition between infant and junior schools very good. Opportunities for children to take part in a production every year. Rich experiences outside the core curriculum offered. Children are offered responsibilities outside the classroom eg. buddies and library magicians.

Neve's teachers have always been excellent. The staff encourage her to challenge herself. The school values and the community events they take part in, lead by the PSA, help children feel comfortable in the wider community not just the school itself.

A good school with a variety of extra curricular activities. The School Club is invaluable friendly and approachable staff who value children of all capabilities.

Amazing teaching staff, and a varied exposure to topics that seem to engage Jessica through learning.
